

New StoreX Cabriolet Handling

Maximum Flexibility for your Labware

- *Maximum Flexibility*
- *Higher Performance*
- *Optimized Clean Design*
- *Handles from Shallow Well to Tip Boxes*

The new StoreX Cabriolet plate handling is the result of a complete re-design of the proven Liconic StoreX MK-3 handling. The new cabriolet design will accept almost all known plate types without the need of mechanical adjustments. In addition, performance and cleanliness have been improved.
